

From Fibre to Yarn

Pinning Systems for Wool Gill Boxes >>

SAXONIA

TEXTILE PARTS

PAUL LEISTNER offers a comprehensive assortment of pinning systems for gill boxes (drawing frames). Paul Leistner can provide press-in pin strips (SAXONIA SENZO), metal pin strips (SAXONIA 2B) and disposable faller bars (SAXONIA OWAS) for all leading gill box manufacturers. Paul Leistner's special expertise shows in the exact and repeatable configuration of the pins and the accuracy of pinning densities and pin projections. Therefore an exact orientation of the fibres in the sliver can be reached which is essential for an optimum combing process.

Machine type	P/cm	Length	PP
NSC GC 12 – 15 + 30	2 – 9	220 mm + 270 mm	13,5 mm + 14,2 mm
